More File For City, County, District Offices

Carroll Brown

Randall County Judge Carroll Brown announced Tuesday he will seek the bench of the newly created 181st District Court and will change parties to do so.

Brown, formerly a Democrat, said he will run as a Republican for the judgeship of the court.

"Our two-party system provides a framework for different opinions on what the role of government should be and how the government functions should be carried into effect," Brown said. "It is my belief that, as far as possible, government

Tom Christian

State Rep. Tom Christian of Claude will announce his candidacy for re-election to the Texas House of Representatives this morning during a press conference in Amarillo.

Christian represented Armstrong, Briscoe, Carson, Collingworth, Donley and Randall Counties during the 61st Legislature and was instrumental in the passing of several pieces of legislation during his freshman year in the House.

"Serving as a State Representative from the 75th Congressional District has been a privilege," Christian said. "I am grateful to the voters of the district for the opportunity to serve in this capacity."

The farmer-rancher said "being a member of the Texas Legislature is an extremely challenging experience."

"A member can take pride in some of the accomplishments of the legislature but at the same time become disheartened over some of the legislation which passes," he said.

Christian cited as an example that "state spending increased 10 times faster than the popu-

Jim Christopher

Jim Christopher, Canyon insurance man and realtor, announced Wednesday he will seek re-election to place 3 on the Canyon City Commission, a post he has held two years.

He will be running against Floyd T. Kiser, who filed for the same place Tuesday.

Christopher, a native of Wellman, has been in business here since 1956.

He attended schools in Wellman before coming to West Texas State University, where he received a degree in business

Mavis Hill

Mrs. Mavis Hill, district clerk for the 47th and 181st District Courts here, has announced her intentions to seek re-election pending the May 2 Democratic Primary.

"I am grateful for the confidence the people of Randall County have shown in me over the past years," Mrs. Hill said.

"I have tried to operate the office in an efficient and courteous manner and will continue to do so if re-elected."

Mrs. Hill has been district

Floyd Kiser

A Canyon businessman, Floyd T. Kiser, has announced that he will seek election as City Commissioner, Place 3, an office now held by Jim Christopher.

Kiser filed his application Tuesday. Christopher also filed for re-election Tuesday.

"I have no axe to grind with anybody," Kiser said. "I believe in solid government and the growth of our city."

He said he will back projects which have sound bases.

"I don't believe in putting

Rhett Plank

A young Canyon attorney has announced that he will seek the office of Randall County District Attorney pending outcome of the May 2 Republican Primary.

Rhett Plank, a Canyon resident since 1949, announced Tuesday he will be candidate for the place now held by George Dowlen. Dowlen has not yet announced his intentions.

"I think I've a good foundation in the people here--a feeling for the people--and I think I understand their basic

Joseph Schley

Joseph H. Schley Jr. of Amarillo, until recently the municipal court judge in Amarillo, has announced his candidacy for the bench of Randall County pending the May 2 Republican Primary.

Schley resigned as associate city judge of the municipal court of Amarillo, a post which he held since October 1968.

"At this time, Randall County needs and deserves a full-time qualified county judge who is able and willing to devote himself to the discharge of the duties of the office and to the fu-

County Says No To Food Plans

The attitude of Randall County Commissioners Monday was "if they don't think we can handle it, let them do it," and they voted to do just that--to let the Department of Agriculture establish, at its own expense, a food distribution program for needy county residents.

The action was taken after a Friday meeting where commissioners were told by state welfare department officials that if they did not desire to set up their own program, the government would do it for them.

"It's my own opinion to let them come in and set it up at their own cost if they don't think we're doing a good job," said Commissioner Clarence Beckman.

Judge Carroll Brown noted that in 1968, the county paid $1,447 for groceries for indigent county residents. He said in 1969 the county paid $309 for groceries.

"Compare that with the $1,000 per month it would cost for us to set up a commodity program," he said.

Beckman said he feels the indigent in Randall County are being adequately taken care of by the county's current welfare program.

The state welfare department will set up either a commodities distribution program or a food stamp program.

Brown said he feels most people living in Randall County have incomes in excess of the required minimum for persons eligible to receive the foodstuffs.

Buddy Taylor, owner of Taylor & Sons Grocery in Canyon, appeared before the commission to ask that if they choose to participate in either of the programs that they choose the stamp program.

The food stamp program would provide stamps for needy families which would in turn be given local grocers for commodities.

The vote was unanimous to reject the government proposal to participate in either program and the commissioners said they want to continue their own welfare plan.

Commissioners approved the computerizing of voter registration procedures this year in the County tax office.

A representative of Western Data told the commission that his company would computerize the voter registration roll for $1,000.

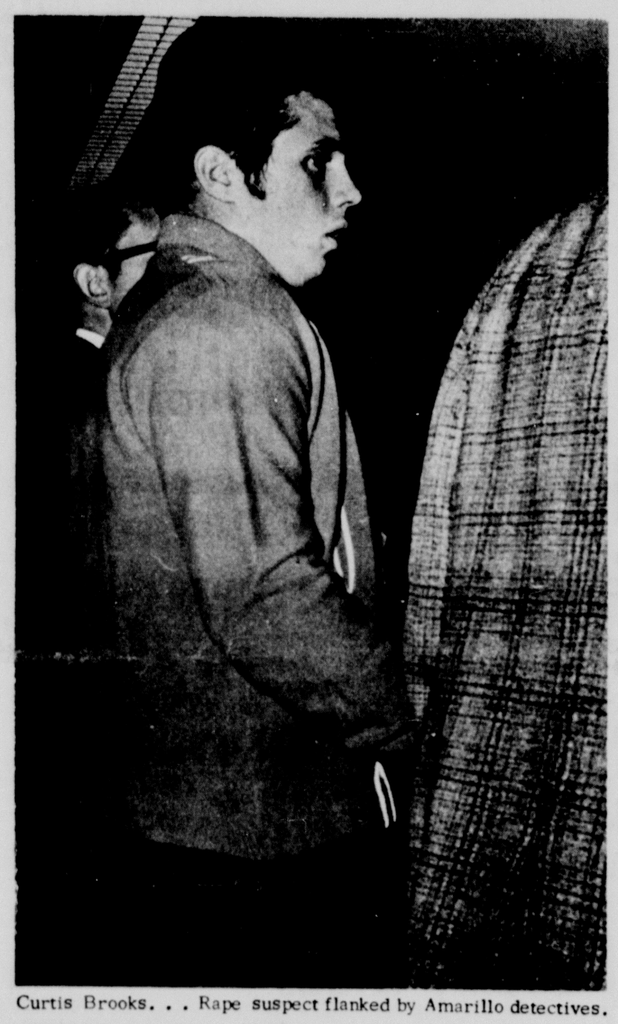
Mrs. Audrey Bruse, county tax assessor-collector, said projections indicate cost for voter registration this year will be about $800-$900.

Commissioner Beckman abstained on the vote. He had earlier indicated that if computerization of the voter registration process would eliminate any jobs, he would be against it.

Commissioners tabled a proposal by the representative from Western Data to computerize the tax roll. Mrs. Bruse was asked to talk with other computer firms for estimates on the same work.

In other action, the commission approved the 1967-68 delinquent tax roll. The roll totaled more than $17,000.

Also approved was the allocation of $75 to the Bi-City-County Health Unit in Amarillo for immunization shots for indigent children in Amarillo public schools against measles and polio.



Curtis Brooks. . . Rape suspect flanked by Amarillo detectives.

Rape Suspect In Jail Here

A 23-year-old suspect charged with the forcible rape of a South Amarillo housewife Monday was transported to the Randall County jail Tuesday handcuffed to two Amarillo detectives.

Curtis Frank Brooks is being held without bond after being arraigned before Justice of the Peace W. W. Hancock Tuesday afternoon.

The stringent security measures were taken after Brooks attempted to escape as he was brought to the Amarillo Police Station. He was recaptured after about 15 police officers gave chase on foot and by patrol car.

Brooks was taken off a plane at the Amarillo Air Terminal about 11 a.m. just minutes before it was scheduled to take off for Dallas. Detectives had come across his name while investigating several burglaries and learned he had just been given a ride to the airport.

The suspect allegedly used a trick to enter the home of the housewife Monday afternoon and assaulted her after threatening her 5-year-old daughter with a pistol.

Brooks allegedly then tied

Four Big Programs To Go To Regents

Proposals which involve establishment of a baccalaureate nursing program, establishment of an educational television station, establishment of a school of agriculture and a veterinarian clinic will be presented for approval to the West Texas State University Board of Regents during a meeting Friday on campus.

The four programs, each of which would have a far-reaching effect will be presented by University President Dr. James P. Cornette for approval of the board.

The meeting begins at 10:30 a.m. Friday in the student senate chambers in the student union building.

Regents are Patrick R. Rutherford Jr. of Houston, Irby B. Carruth of Austin, T. Boone Pickens of Amarillo, James E. Jenkins of Amarillo, Cloyce K. Box of Dallas, A. Eugene Quest Jr. of Lubbock, B. Raymond Evans of Tulia, Dr. Theron C. Hawkins of Kerrville and Donald Curry of Fort Worth.

Pending board approval Friday, Dr. Cornette will be authorized to reopen negotiations with the Coordinating Board, Texas College and University System for the establishment of a baccalaureate program for nurses on the WTSU campus.

In 1963, a group from Amarillo approached WT about such a program. After studies, the application for a program was submitted to the Coordinating Board's forerunner, the Texas Commission on Higher Education. Tentative approval was given, but later denied.

After an attempt by Texas Woman's University to establish a nursing program failed in the area, another extensive study was made and still indicated that a nursing program for the area is needed.

Also pending action of the board, Dr. Cornette will be authorized to apply for construction to the Federal Communications Commission of an educational television station on campus.

Two Amarillo television stations have offered to give the university equipment to begin an educational channel. The FCC has already set aside Channel 2 in Amarillo area as the educational television channel.

As soon as a construction permit is approved by the FCC, the university may apply for a grant from the Department of Health, Education and Welfare to finance such construction.

The university president may

Ben Barnes To Speak At Chamber Banquet

Texas Lt. Gov. Ben Barnes will be featured speaker March 18 at the annual Chamber of Commerce Banquet.

The banquet will be in the East Cafeteria on the West Texas State University campus.

Canyon's Citizen of the Year for 1969 will be named at the banquet, and, in addition this year, a Canyon Citizen of the Decade will also be honored.

Barnes, the youngest lieutenant governor in Texas' history, has established himself as a state and national political leader.

He was contacted last week by Dean House, out-going board president, and agreed to come to Canyon for the banquet.

Barnes became the youngest Lieutenant Governor in the state's history after his election at the age of 30 by an unprecedented number of votes in his first statewide race. In leading the ticket in the 1968 General Election, Barnes received 2,040,380 votes and carried every county in the state. No other candidate has ever received two million votes in Texas.

BEN BARNES

Before his election as Lieutenant Governor, Barnes was the fourth man in the state's history to serve two terms as Speaker of the Texas House of Representatives. He was the youngest man to serve a term as Speaker.

Barnes has served as President of the National Legislative Conference, made up of state legislative leaders of the 50 states, and is the youngest man to hold that office and also the first from the South or Southwest. He is a member of the Executive Committee of the Na-

Hales Wins Top Two

For the third straight year, Rick Hales, 16, took home grand champion steer honors from the Randall County Junior Livestock Show Saturday, but this time he picked up reserve champion steer honors as well.

The Hales family again won many awards in the steer category with Milly Hales showing the second place lightweight steer and Rhonda Hales showing the third place heavyweight steer.

Mike Trammell, showing a Duroc, captured grand champion honors in the swine class, while Bobby Ellis, with a Hampshire, won the reserve champion swine award.

Grand champion dairy heifer was taken by David Hinders and Debbie Hales won the reserve champion dairy heifer award.

In the quarter type horses, Greg Hatch showed the grand champion mare, Joe Smith the grand champion stallion and Steve Hatch the grand champion gelding.

In the pony type horses, Donna Record showed the grand champion mare and Mary Beth Ward showed the grand champion gelding.

Lynn Ward took home champion Southdown and Southdown Cross sheep honors, while Jimmy Sparks won the top award in the Finewool class. For other breeds and crosses, Johnny

Bourn Hunts From Wheelchair

Bourn. . . Preparing to shoot.

BY LORENA MILLER

Being in a wheelchair hasn't affected the hunting prowess of Doyle Bourn of 2400 10th Avenue, Canyon.

In December, Bourn bagged a mule deer which dressed out at 100 pounds and the year before (1968) Bourn shot another mule deer which dressed out at 85-90 pounds.

How does he hunt from a wheelchair? Well, Bourn related that he "pulled up by a cedar bush and waited for the deer to come up to the pasture where they feed--and then ambushed them--much like any other hunter."

Bourn's wheelchair has a special "gun holder" which attaches and was built by Pete and Wilbur Leavitt. The holder allows Bourn to swing his Browning bolt action .243 caliber rifle vertically and horizontally and simply holds the gun at shooting level.

His electric motor driven

Board Okays TeacherRequest

An agreement was signed Tuesday night by the Canyon School Board which will establish a Joint Professional Communications Committee, set up to provide lines of communication between Canyon teachers, the schools' administration and the school board.

The agreement was formally presented to the board by Mrs. Donna Wilson and Mrs. Alma Perkins, local teachers.

Mrs. Perkins said a committee of teachers--in conjunction with School Superintendent Jerry Jacobs--had been working on the agreement since spring of 1968.

"This is the way we feel," Mrs. Perkins said. "This is a two-way street that can provide valuable methods whereby the Board of Education and the administration can use the background and knowledge of the classroom teachers in solving problems."

The agreement basically sets up the joint committee, which purpose is "to give the teachers an opportunity to study and make recommendations in the development of educational policies and to improve channels

WT Footballer Found Innocent

A West Texas State University football player, charged with theft over $50, was found innocent Friday by a 181st District Court jury.

Ralph Anderson, charged with stealing a television set from the room of a motel, was arrested Nov. 3.

Testimony from Anderson's wife and a friend indicated the player was bringing the set from the airport in Amarillo for a friend.

Testimony by a handwriting expert in Amarillo indicated handwriting on the motel receipt and that of Anderson were similar.

by Troy Martin FROM THE CANYON RIM

One of the hot local races this year will be the race for judge of the 181st Judicial District. This district was created by the last legislature and Don Dean of Amarillo was appointed to the bench.

Dean is running for the office and Randall County Judge Carrell Brown has switched parties and will be running as a Republican.

Dean is, of course a Democrat, and probably will be opposed in the primary by another Democrat who had not yet announced at mid-week.

But the real test in the court race will come this fall.

The outcome of the race in the November general election will decide more than just who will be district judge. It will decide whether Randall County actually has a strong man who can deliver its votes in a bloc.

Randall County Commissioner Bill Butler thinks he can do this and if he can, he will emerge as the first boss ever to be tolerated by this county.

Butler admits that if the election were held today the probable victor for district judge, 181st district, would be Jerry Kolander, who has not yet formally announced. "But the election is not being held today and it will be different in November," the county commissioner went on.

Butler says he will throw all his support to Brown who has been more or less a protege of Butler since he was appointed judge a couple of years ago.

The Republican commissioner unabashedly declares that he will swing Randall County to Brown in November.

It may not be as easy as either Butler or Brown seem to anticipate.

There's going to be a big swing to the Democratic Party in the primary for the simple reason that a lot of Randall conservatives want a crack at Liberal Senator Ralph Yarborough at the earliest possible moment.

Besides that, the fact that Brown sought the judgeship by appointment as a Democrat is not going to be easy for Republicans to swallow.

Couple this with the fact that Randall Republicans are split and you might have a situation that even strongman Bill Butler will be unable to handle.

I have nothing personal against Judge Brown. I think he is a fine man but I do not think he would make a good district judge. In fact, I don't think he has made a good county judge.

I was embarrassed when I supported a raise for the judge after his appointment with the understanding that the county would have a full time judge and then learned that he busied himself several afternoons a week in his private office in Amarillo.

Judge Brown's absenteeism is accentuated by the fact that he presides over a court which forbids women employes of the county to keep beauty appointments during working hours.

I ask you, who costs the county the most money through being absent, a $330 a month secretary who gets her hair fixed once a month, or a $13,000 a year judge who makes a practice of being absent?

I don't question Judge Brown's RIGHT to be absent anytime he wants to be. As a taxpayer who helps pay his salary I just don't like it.

City Salary Schedule Given Commissioners

Canyon City commissioners have informally been presented a new salary schedule for city employes. The schedule was designed by Richard Devoe at the city's request.

The largest increases in salary reflected in the schedule are in salaries for members of the Canyon Police Department and the Canyon Fire Department.

Informal approval of the schedule was given by the commission but the program will not be formally accepted until March, when the commissioners approve the 1970-71 budget.

Salary increases for employes will reflect an increase of about $11,000 in the city budget.

City Manager Howard Northcutt said Devoe conducted a survey of the 39 city employes during the Christmas holidays, and determined job descriptions.

He then compared current city salaries for particular jobs with salaries for similar jobs in Borger, Amarillo and at West Texas State University.

Salaries in Canyon were then adjusted to become competitive with the area.

Devoe's schedule contains 13 salary groups. The groups are established on the basis of job responsbility and tenure.

The scale sets the starting salary for a particular job, provides for an increase after six months, one year, two years and three years.

"For every full year beyond three years and up to 10 years, employes will get $5 per month longevity pay, which is $3 more than they're getting right now," Northcutt said.

The city manager said provisions are made in the plan for the hiring of an experienced employe so that his salary will be adjusted to include that experience.

Certain jobs are included in each group. Group I includes sanitation workers. Group 8 includes foremen and equipment operators, city clerk, patrolman and fire fighrer. Group 10 is the police lieutenant, street and sewer superintendent and deputy chief of finance.

"All those in each group receive the same salary," Northcutt said, "because they have about the same amount of responsibility."

Northcutt said no one on the city rolls will receive a salary cut as a result of the study.

Devoe was commissioned by the city to make the study for about $700.

Commissioners at the time were alarmed at the terrific rate of turn-over for policemen. Chief of Police Calvin Costley said in two years, he has lost 15 officers.

Northcutt said the existing pay scale in the study will be acceptable for about three years, at which time a review should be made for adjustments.

Canyon Women Named To Board

Two women from Canyon have been among nine from this area invited by Governor Preston Smith to serve on a reorganized Governor's Commission on the Status of Women.

The two Canyon women involved are Miss Ruth Cross and Mrs. Ples Harper.

They, along with seven other Amarillo and area women, are invited to attend a dinner January 30 at the Commodore Perry Hotel in Austin at which time plans for the reorganization of the commission will be outlined by Gov. Smith's advisors and by Mrs. Margaret Brand Smith of Dallas who has been appointed chairman of the commission. Also invited to attend the Austin dinner have been Mrs. Lyndon B. Johnson, Mrs. Price Daniel and Mrs. Allan Shivers.

Gov. Smith said he was hopful the 62nd Legislature would encourage the work of the commission by designating it as a pernament commission. The governor said he would ask the commission to deal with the role of women in helping to solve social, economic and governmental problems in today's society.

In his invitation, the governor noted that the commission should provide "ideas and research legislation and any other action that would further develop one of our greatest resources--the fine women of the state of Texas."

The commission will serve as a communications vehicle between the women of Texas and their government. The commission will be assessing the role of women in today's society, study improving the lot of women in the work force, and organizing women into a viable force in governmental affairs on state and local levels.

The first Texas Commission on the Status of Women, appointed by Gov. John B. Connally, dissolved after making its study report.

Under Gov. Smith's direction the reorganized and reformed commission would serve as a permanent advisory group working within a broad framework of activities relating to women.

Our World

BY ANN BROWN

We live in a troubled world. Inflation, violent crime, wars, court corruption, and national and racial discord are rampant almost everywhere. Because of painful tensions, millions die every year from heart attacks, strokes and other pressurized diseases. Additional millions turn to drink and drugs in a vain attempt to ease their tensions.

Probably the most damaging aspect of our pressurized society is the universal delusion that tension is peculiar to one's specific vocation or station in life. The high school student is sure things will be better when he gets to college or on a job. The college student is certain his pressures will decrease when he graduates and gets that high-paid position. The young family man knows his troubles will be over when he gets on sound financial footing.

The man who is fortunate enough to achieve all his goals usually finds his pressures are about the same--different perhaps, but about as heavy. When this happens, he usually decides his problem lies in his choice of a vocation--or a mate.

The farmer feels that the middleman gets all the profit without the staggering investment of capital and hard work involved in farming. The laborer who must punch a time clock envies the farmer who can keep his own hours while he plants his crops and "watches them grow."

The salaried man begrudges the business man his profit; the harried businessman envies the salaried man his security and his freedom from responsibility, and on and on it goes. Probably the only reason any man envies his neighbor is because he is not aware of all his neighbor's problems.

It is true that many people are in unsuitable vocations, and they probably could lower their tensions by realistically seeking work more consistent with their tastes and talents. But there are no vocations where a man can earn a living with no pressures involved. There are pressures in life itself. Trouble, like sex, is no new phenomenon. The world has always been full of trouble.

According to the best authorities, the oldest book in the Bible says "Man that is born of woman is of few days, and full of trouble" (Job 14:1). If life is going to be full of trouble regardless --why not just quit?

Each year at least 100,000 Americans do attempt to quit. But those who fail in their attempts, and live to recover from their depressions are usually voluble in their denunciation of suicide as the answer.

The very fact that trouble is prevalent and inescapable is the reason Jesus gives for insisting man enjoy each day as it comes, and not be unduly concerned about tomorrow. Does He mean then for one to just eat, drink and be merry? Hardly.

Jesus admonishes us to be obedient to God's laws and seek to promote His kingdom, then He will take care of our problems. It would probably shock the average harried American if he should start living by the Book, to discover how many of his problems would disappear.

Many reputable psychiatrists report about 99% of man's most painful problems stem from drink, illicit sex, and greed. Men who are free of these three big bad wolves seldom have too much difficulty coping with their troubles. According to the latest statistics, more than 40,000 Americans have been slain in the Vietnam war. War is always the result of somebody's greed. But during the same period of time over 500,000 Americans have been slaughtered in automobile accidents. And at least half of the accidents were caused by drink.

The suffering in the wake of illicit sex is more varied and numerous. Rape, murder, abortions, illegitimate babies, unwed mothers, veneral diseases, broken homes, broken hearts, and broken lives all result from the perversion of something designed to bring man joy. And changing mates does not work as well as changing jobs; it usually multiplies one's problems.

Yes, the world is full of trouble, and man brings the majority of it on himself. But God still helps him who helps himself.

Delilah Martin's Rites Held Here On Wednesday

Funeral services for Delilah Rachal Martin, 66, were conducted Wednesday afternoon at at LaGrone Funeral Chapel in Canyon with Rev. J. Frank Peery of the First United Methodist Church officiating.

WT Gets $100,000 For Show

West Texas State University realized $106,796 from the November game televised by ABC-TV between WTSU and New Mexico State University.

A total of $210,780 was presented the school by the television corporation. The NCAA took 4 1/2 per cent from the total or $9,491, and expenses, including the construction of camera facilities at Buffalo Bowl, totalled $14,000.

This left $187,513 to be split between WTSU and NMSU.

After the split, which left WT with $93,756, WTSU received another check from ABC for $26,080.

A total of $23,000 will be used to pay for the new seats installed at the football stadium. The remainder will be added to the general athletic fund for help in development of future programs.

Golden Exchange Club Conducts Installation Of Officer Slate

New officers for the coming year were installed at the regular monthly meeting of the Golden Exchange Club, Monday afternoon, at the home of Mrs. Jewell Woodruff.

Officers are president, Mrs. B. G. Bynum; vice president, Mrs. Jewell Woodruff; treasurer, Mrs. L. E. Hermsmeyer; secretary, Mrs. Jeff Stringer; and telephone chairman, Mrs. J. H. Parker.

Meeting dates for the club have been changed to the third Monday of each month and the meetings are to continue to be held in the homes of the members.

Minutes of the previous meeting were read by Mrs. B. B. Caudle. Birthdates of four members were honored. They were Mrs. L. E. Hermsmeyer, Mrs. J. H. Parker, Mrs. C. W. Payne and an honor member, Mrs. Dove Caulthorp.

Refreshments of fruit plates, spiced cider, coffee, and hot chocolate were served to Mrs. B. G. Bynum, Mrs. B. B. Caudle, Mrs. L. E. Hermsmeyer, Mrs. Noel Kidd, Mrs. Clyde Love, Mrs. C. W. Payne, Mrs. Jeff Stringer, Mrs. Jewell Woodruff, and Mrs. Art Knorpp.

The purpose of the club is to exchange something--anything with others such as an exchange of ideas, a cooked item from a prize recipe, flowers, garden seed, plants, poems, or even cards or stationery. The exchanges are made among members and to others in order to keep in touch with friends and neighbors whether they are in need or not.

Officers installed at the regular monthly meeting of the Golden Exchange Club are standing, left to right, Mrs. Jewell Woodruff, vice-president; Mrs. Jeff Stringer, secretary; Mrs. L. E. Hermsmeyer, treasurer; and seated is club president, Mrs. B. G. Bynum. Not pictured is Mrs. J. H. Parker, telephone chairman.

National Judging Contest For Girl

Miss Diana Lynn Hill of Canyon is in Denver, Colorado this week where she will represent Texas as the junior division winner of the "Make It Yourself With Wool" contest at the national competition.

At the national convention, Miss Hill will attend a get-acquainted supper, see films from last year's junior winner's trip abroad and attend the fat stock show in Denver.

Judging will take place today, Thursday, as Miss Hill competes for a possible college scholarship and a trip abroad which will be awarded the national winner.

A sophomore at Canyon High School, Miss Hill is the daughter of Mr. and Mrs. Cecil Hill, southeast of Amarillo. She was formerly in Future Homemakers of America at CHS and last year won the "outstanding homemaker award." She is also in the Armstrong County 4-H Club and was awarded the Gold Star Girl honor this year.

Last year, Miss Hill modeled in the district 4-H dress revue and was winner of the "best model award."

Her sewing career started at the age of seven in 4-H clubwork under the direction of her mother and she now sews her own school wardrobe, having this past year made in excess of 30 articles. She has also sewn robes and pajamas for her younger brothers, Kevin, 13, and Keith, 10.

Miss Hill's pantsuit which won the state junior division of the "Make It Yourself With Wool" contest is a soft brown and gold wool plaid accented with burnished gold pointed collar and wide cuffs. The tunic top and bell-bottomed pantsuit was the only one entered in the state competition, where Miss Hill won her expense paid trip to the national judging and a $100 bond.

IN HER BROWN AND GOLD PLAID wool pantsuit, Miss Diana Lynn Hill stops for a moment on the campus of Canyon High School prior to departure for Denver, Colorado.

Funeral Rites For Don Cox

Funeral services for Don Cox, age 40, of the Gene Howe area, were conducted Tuesday afternoon at 3:00 p.m. at the Trinity Baptist Church in Amarillo with pastor of the church, Rev. Norris Onstead, officiating. He was assisted by Rev. Clyde Cain of the Avondale Baptist Church. Burial was in Llano Park Cemetery of Amarillo.

Mr. Cox died at St. Anthony's Hospital in Amarillo early Monday morning. A member of the Trinity Baptist Church, he was born in Amarillo, graduated from Amarillo High School, and attended Amarillo College.

He was employed by the Santa Fe Railroad out of Amarillo as a fireman-engineer and was also self employed as a building contractor. He was active in Boy Scouts where he was presently holding the position of Webeloe Leader for Pack 130 and has been active with Kid's Incorporated.

Survivors include his wife, Shirley, a daughter, Cindy, three sons, Gary, Toby, and Charlie, two stepdaughters, Deana and Karen and a stepson, Richard II, all of the home, and his father, Melvin Cox of Amarillo.

HOME DEMONSTRATION AGENT, Mrs. Becky Hall, left, is shown visiting with Ann Brown prior to a HD council sponsored program for the public Monday afternoon where Mrs. Brown spoke on "tensions."

Tensions Discussed At HD Meet Monday Afternoon

Tensions in the home and family as related to the house wife and working mother were discussed Monday afternoon by Mrs. Ann Brown, university counselor, as she spoke to a group of about 40 home demonstration women and others at the Farm Bureau Building.

Mrs. Brown, who is columnist for "Our World" which appears weekly in the Canyon News, was introduced by the home demonstration agent, Mrs. Becky Hall. Edgetown Home Demonstration Club, of which Mrs. H. H. Widick, council chairman, is a member provided refreshments following the talk which was concluded with a question-answer session.

In her opening remarks, Mrs. Brown related that one out of ten Americans will spend time in mental hospitals, while at least one out of four would profit from some sort of therapy and one of three are in need of psychiatrists.

"We are 90 percent emotional," said Mrs. Brown. "A basis for a lot of our problems is emotional."

She showed a chart relating that sources of tension are interlocking and made up of physical, spiritual and emotional sides of the human.

She related that "emotional pressures may cause accidents, migraine headaches, asthma and ulcers" and stated that latest research has even linked emotional problems to cancer.

"If you realize that you suffer from emotional tensions," said Mrs. Brown, "go seek help." She urged that all with emotional problems seek the counseling of their family doctor, a religious person or pastor, or some direct counseling or psychiatric worker.

She related the surprising effect that women's clubs and other informal group gatherings have in the way of "group therapy" and related to those present that the Family Counseling Service in Amarillo is set up to assist both Potter and Randall County residents in this area.

"We all want to be happy--but happiness comes from within oneself," stated Mrs. Brown. "We all have the ingredients to be happy and it is all in the way they are mixed together."

"Happy people are healthy people," commented the counselor as she explained that "emotional tension lowers a person's resistance."

"You can't be healthy in one area and unhealthy in another," she stated. You can't neglect any one area as the physical, spiritual and emotional sides all have an interlocking correspondence to each other, she explained.

In conclusion she discussed the importance of goals for life as being in their order of importance: spiritual, a happy rewarding marriage, education and vocation, etc.

She finalized the program by distributing a leaflet on the "ten commandments of tension" which urges that you "work it off or play it off"--"talk it out, unload, explode or cry"--"take one day and one thing at a time"--"make a change"-- and "try religion."

News Brief

Guests for a week in the Arvin Triplett home were her sister and husband, Mr. and Mrs. John Easton of Denver, Colorado. While here the Eastins and Mr. Triplett went to Woodward, Oklahoma for a few days visiting relatives and friends. The Eastins returned to Denver Wednesday.

NEWEST MEMBERS for the Heritage Woman's Club include, from left, Mrs. Fred Wieck, Mrs. Olan Lehman, Mrs. James Jackson and Mrs. Johnny Hubbard.

Mrs. Orrell Vise Elected Prexy For Heritage Woman's Club

Mrs. Orrell Vise was elected president for the Heritage Woman's Club at the club's regular monthly meeting Monday evening in the home of Mrs. Wallace Johnston.

Mrs. Vise and her slate of officers will be installed at the May 18 installation meeting at the West Texas State Bank.

Elected to serve with Mrs. Vise are Mrs. Bob Chester, president-elect; Mrs. Gene Crowder, secretary; Mrs. Ronnie Gordon, treasurer; Mrs. Jack Tillinghast, parliamentarian; Mrs. M. L. McGehee, historian-reporter; Mrs. Wallace Johnston, ways and means chairman; and Mrs. Larry Brandon and Mrs. Johnny Hubbard, co-chairmen for yearbooks.

Mrs. Jack Tillinghast, current president, was in charge of the meeting as the club collect was given by Mrs. Roy McGregor and the pledge was led by Mrs. Jim Perry.

The club's newest member, Mrs. Olan Lehman, was introduced by the president and presented with a horoscope booklet. A letter was circulated among club members for signatures of appreciation to be sent to Santa Claus for his surprise visit at the club's December meeting.

The treasurer, Mrs. Ronnie Brock, reported to the club a balance of $637.46 in the isolette fund for Neblett Hospital and a separate club balance of $73.76.

A home life report on manners was given by Mrs. Wayne Lambert and Virginia Cotton reported to the club on the upcoming state Texas Federation of Women's Clubs convention to be held May 5-7 and the national General Federation of Women's Clubs convention to be held in San Antonio June 7-12.

The fine arts report was given by Mrs. Ronnie Gordon. She suggested that members attend a western art exhibit at the High Plains Art Gallery in Amarillo; a navajo rug collection displayed at the Panhandle-Plains Historical Museum here; the "Caine Mutiny Court Marshall" production at the Amarillo Little Theatre February 3; and the Amarillo Symphony's presentation of a concert violinist, Pincha Zukerman, on January 27 at 8 p.m.

The club voted to postpone plans for a spring talent revue until next year.

Mrs. Carl Hollabaugh reported to the club on the upcoming Mother's March of Dimes and distributed worker's packets to club members. The citywide mother's canvas will be held in Canyon Sunday. Mrs. Bob Carter is also co-chairman for the club. Working with the Heritage Woman's Club will be the members of the Canyon Study Club.

Mrs. Gene Crowder reported to the club on a "hat sale" which has been set for March 7. Co-chairmen for the project are Mrs. Gene Crowder, Mrs. Bob Carter and Mrs. Roy McGregor.

Mrs. Bob Chester introduced special guests at the meeting who were Mrs. Rhett Plank and Mrs. Pat Lockhart and then introduced the speaker for the evening, Mrs. Robbie Dowd.

A program on "interior decoration" was given by Mrs. Dowd, who studied design with the New York School of Interior Design and earned the BS degree in accounting from Oklahoma University among the top five in her class. She is a former co-owner of the House of Lamps in Amarillo.

Following her presentation, Mrs. Dowd was presented with the HWC parchment scroll by Mrs. Ronnie Brock. The scroll read "no money is better spent than what is laid out for domestic satisfaction."

About 25 members attended the business meeting and program which was concluded with refreshments of punch, finger sandwiches and tea cakes.

Next meeting for the club will be February 16 at 7 p.m. at 511 25th Street with Mrs. Bob Chester, Mrs. Charles Thomas and Mrs. Donald Envick as cohostesses. The program at the February meeting is slated to be Kenneth Olsen discussing "Americanism and You." He is director of the finance program at West Texas State University and is a retired commander for the United States Navy. He is a past president of the Canyon Kiwanis Club and after having been appointed to fill a vacancy on the Canyon City Commission, was elected to serve an additional term on the commission.

MRS. ROBBIE DOWD

Canyon Study Club Members Have Program On "Weighing"

Canyon Study Club met Tuesday night at the Girl Scout House with Mrs. B. B. Kendrick, Mrs. Jim Ashford and Mrs. Clark Mires as hostess for the evening.

Club collect was led by Nancy Boston and the pledge to the flag by Mary Harrison.

The club president, Mrs. Don Vars, called the business meeting to order and roll call was answered with "what it means to be a good American." Minutes of the last meeting were read by LaDonna Blewett and corrections were made and approved. The treasurer's report was given.

In connection with the federated report, the president had the departmental reports that were completed available for the club members to look over. She expressed appreciation to members for their hard work.

In new business, the club voted on several projects including a dental project in connection with the Canyon Public Schools. The club voted to write a letter from the club to the Canyon Board of Education expressing the need of a second public school nurse and asking them to consider it. It was mentioned that several school students have need of dental treatment and the club voted to look into the matter for cost, etc. A similar program is sponsored by another Canyon civic organization for eye care.

The Canyon Study Club has been asked by the University Study Club to take over the administration of the "clothes closet" at Rex Reeves Elementary School. This "closet" will be maintained by the club to provide clothes for needy children at the school.

The club also voted approval that each member write a letter to an Amarillo television station requesting the removal of an afternoon program which appears daily in the afternoon. The club feels that the program "is bad for young children and has caused many nightmares."

In other business, Kay Henderson reported on the progress of the Miss Canyon Pageant to be held February 28 for girls ages 16-21 who live or attend school in Canyon. Committees for the pageant have been named and thus far 28 sponsors have signed.

A report was also given on the progress of the march of dimes drive by mothers from the Canyon Study Club and Heritage Woman's Club which will be held Sunday and worker's packets were distributed to members during the meeting.

During the business meeting, officer elections were held and Mrs. Ella Brown was elected to serve as president. Mrs. Brown and her slate of officers will be installed at the May meeting. Other officers elected wee Wanda Phillips, vice president; Delores O'Conner, secretary; Carlene Gardner, treasurer; Kay Henderson, ways and means; Janice Cranmer, reporter-historian; Jackie Patterson, parliamentarian; and Mrs. Don Vars, current president, was named the club's woman of the year.

It was announced during the meeting that the General Federated Club Convention will be held in San Antoinio in June and that junior clubs of the district are responsible for place cards, table decorations and part of the articles for the convention tote bags and door prizes. The club will begin work on these items in the near future.

Two new members were added to the club's membership at the meeting. They were Linda West and Ann Cornelius.

Susie Teer presented the program. She has taught dance and other physical education classes at Amarillo College and her fine arts report was on the dancer, Martha Graham. Her program included exercises demonstrated to members which would take off inches, put on inches of muscles, and firm up inches already there.

Members then did a series of exercises with Susie Teer as the leader. A member "weigh-in" was conducted and members desiring to lose pounds will weigh at each meeting for the next three months.

Following the program, club members were entertained with refreshments arranged on a "calorie count" table.

HOSTESSES, from left, Eulalia Mires, Pam Ashford and Kathy Kendrick are shown at the Canyon Study Club refreshment table as calorie flowers and noted signs marked the way to slim eating.

Women's Civic Club Is Discussed Here

A group of local women interested in organizing a chapter of Pilot International Club in Canyon met Monday night at 7:30 p.m. at the Girl Scout house for an informational session.

Miss Dorothy Blumer, extension chairman from the High Plains chapter of Pilot International, presented information on what Pilot International is and the aims of the organization.

She related that "Pilot International is one of the five recognized professional and service clubs in America and the mission of the service club is to promote good government, good citizenship and to develop the civic, educational, social and moral welfare in the community so that the nation may create and foster a spirit of understanding and peace among the people of the world."

Mrs. Ernestine Gilliam, Governor of District 8 of Pilot International and also a member of the Amarillo chapter of Pilot International, gave a brief talk on the international and local levels of Pilot International and the Amarillo chapter.

Another meeting of the group is scheduled for February 16, 1970 and all interested women who desire additional information may contact Miss Mary Grabber or Mrs. W. A. Gray.

Palo Duro MIIs Have Meet Here

Palo Duro Mother-in-Law Club met Friday in the home of Mrs. Clark McClendon with Mrs. Mae Johnson as cohostess.

Mrs. Rae Walters, president, was in charge as the meeting was opened with the club song "Smile" and the club prayer. Members answered roll call with "new year's resolutions." Mrs. Mae Johnson gave the devotional.

Mrs. Leonard Winters had a part on the program on the "changing of time" and other members gave parts on "thoughts for the new year." Next meeting for the club will be February 13.

Present were Mesdames Clark McClendon, Mae Johnson, H. E. Campfield, Rae Walters, Fred Marshall, Leonard Winters, M. J. Noel, Gladys Haines, J. P. Hammons and a guest, Francis Northcutt.

Local Woman In Hospital

Ovell Gray of Canyon is hospitalized at Southwest Osteopathic Hospital in Amarillo this week following internal injuries sustained when the automobile she was driving was the middle car in a three-car rear-end collision in Amarillo Friday afternoon.

Mrs. Gray, who is a dealer for Stanley Products here, was injured in the accident about 11:30 a.m. while stopped for a red light at 2000 Western Street, Amarillo.

She was taken to the hospital by private car. She did not receive any cuts from the accident. She is in Room 218-B.

Former Canyon Woman Named Executive For Amarillo YWCA

Mrs. Marilyn Condron Williams has been named executive director for the Young Women's Christian Association, 1006 Jackson, in Amarillo, by the board of directors at a meeting recently.

As health educational director, Mrs. Williams will replace Mrs. Jane Keeney, who plans to re-enter US government recreational service.

A native of Texas, Mrs. Williams has been employed at the YWCA for 14 years, two as teen director and 12 in the health department. Her specialty has been the development of the swimming program, working with tots, children, adults, youth, and the handicapped.

Mrs. Williams teaches courses in water safety, handicapped, small crafts and instruction. She has directed the Learn-to-Swim program for two years, is a member of the board of directors for the American Red Cross, water safety chairman for the Red Cross, past president of the Rocky Mountain Region Teenage Directors.

In 1963, she was awarded a service medal and a certificate of merit from the Red Cross for community and YWCA activities. Mrs. Williams received a Kiwanis service award and is listed in Who's Who in America for 1968-69.

For her training, she attended West Texas State University for four years and the University of Indiana in Bloomington for competitive swimming courses instructed by Dr. Jim Counsilman. She taught for two years at the American Red Cross National Aquatic School.

She is a member of the First Presbyterian Church of Amarillo and she and her husband, Duane B., have three children, Stuart, 18, Ken, 16, and Jay, 14.

Mrs. Williams is the daughter of Mrs. S. H. Condron of Canyon and the late Dr. S. H. Condron, who was head of the government department at West Texas State University until his death in 1951.

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: Herald Wayne Dickerson, aka Harold Wayne Dickerson, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 181st District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 9th day of February A. D. 1970, to Plaintiff's Petition filed in said court, on the 26th day of December A. D. 1969, in this cause, numbered 9929-B on the docket of said court and styled In Re: Allen Wayne Dickerson, Patty Gay Dickerson, and Micheal Rayford Dickerson, Minor Children.

A brief statement of the nature of this suit is as follows, to-wit: A suit to declare Allen Wayne Dickerson, Patty Gay Dickerson and Micheal Rayford Dickerson "dependent" and "neglected" children and sever the parental rights of the parents of said children.
as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 26th day of December A. D. 1969.
Attest: Mavis Hill Clerk, 181st District Court

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: WILLIAM BENSON WILSON, Defendant, GREETING:

You are hereby commanded to appear before the Honorable Forty-Seventh Judicial District Court in and for Randall County, Texas, at the Court House thereof, in Canyon, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 9th day of March, 1970, then and there to answer by filing a written answer to the Plaintiff's Petition filed in said Court, on the 13th day of May, 1969, in this cause, numbered 9459 on the docket of said Court and styled IN RE THE ADOPTION OF WILLIAM BRENT WILSON AND RHONDA LeANN WILSON.

A brief statement of the nature of this suit is as follows, to-wit:

Petition by Robert Preston Mann, not joined herein by his wife, Marilyn Ann Mann, for the reason that she is the natural mother of the children sought to be adopted, for the adoption of William Brent Wilson and Rhonda LeAnn Wilson, minor children. Petition alleges that the consent for this adoption by William Benson Wilson, the natural father of William Brent Wilson and Rhonda LeAnn Wilson, is not necessary because the said William Benson Wilson has voluntarily abandoned and deserted such children for a period of more than two years and has left such children in the care, custody, control and management of the Petitioner and his wife, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the seal of said Court at office in Canyon, Texas, this the 21st day of January, A. D. 1970.

WT Will Test Trinity, Weber

West Texas State University's Buffaloes, fresh from snapping an 11-game winning streak last Saturday against Northern Arizona University, will face two teams this weekend--both of which have lopsided win records.

The Trinity Tigers bring an 11-2 record into tonight's basketball game in Buffalo Fieldhouse, the same mark held by NAU before playing the Buffaloes.

Weber State, who defeated the Buffs 97-78 earlier in the season, will carry an 11-3 season record into the Amarillo Coliseum in Saturday night's contest.

Trinity, unlike Northern Arizona, is a major NCAA school like WTSU and has played a much tougher schedule than Northern Arizona, an NAIA member.

Coach Dennis Walling's Buffaloes evened their season record last Saturday at 6-6 with the win over Northern, hitting .506 per cent of the field goal efforts.

Trinity fell 80-78 to Oklahoma State at Stillwater, Okla., and the following night dropped a 93-82 decision to Pan American in Edinburg, Tex., a team which WTSU has beaten twice.

Since falling in those two games, however, Trinity has rolled to straight wins over Tennessee Tech., Colorado State, Texas A&I, University of San Diego, Pepperdine, Puget Sound, Abilene Christian and the University of Texas at Arlington.

Guards John Lynch and Bill Stokes pace the Tigers in scoring. Lynch is hitting 20.4 points per game and Stokes 18.5. Felix Thruston, 6-6, is at the forward position and supports a 13.4 scoring average and is pulling in 9.6 rebounds per game.

At the center positions are freshman Reece Stovall, who is scoring 15.7 points per game and pulling down 7.5 rebounds, and Arnold Neal, who has a 14.8 scoring average and 10.4 rebound mark.

Trinity reached the NCAA playoff level last year in its first year as an NCAA major school and Lynch and Stokes were major cogs in that ball club.

Weber State should be up for Saturday night's quting. Final exams will be over and the team will have had the chance to rest.

They beat Montana State twice over the past weekend and Monday night whipped the University of Montana 85-50.

They have won seven in a row.

Willie Sojourner, 6-8, will again be the man for the Buffs to watch. He has averaged 19.9 points per game this season and 18.4 rebounds. He scored 24 points against the Buffaloes on Dec. 13 in Ogden, Utah, and pulled down his season high in rebounds--25.

The Buffalo attack in both games will be led by Dale Blaut who boasts a 22.3 point per game average.

James McCloud, WTSU's big rebounder, averages 16.2 points per game and Eddie Fitzgerald and Ron Howle average 11.5 and 11.2 respectively. Through the season, McCloud has pulled down 129 from the boards.

Game time for the Buffalo-Weber State game will be at 8 p.m. in Amarillo Civic Center Coliseum. The Buffs meet Trinity at 8 p.m. today in Buffalo Fieldhouse.

The West Texas Freshmen play the Panhandle State junior varsity at 6 p.m. today and Lamar Junior College at 6 p.m. Saturday.

Boy Eagles Stomp Hereford 69-50

Canyon's Boy Eagles stomped the Hereford Whitefaces 69-50 Tuesday night before a hometown crowd and look forward to a grueling contest Friday night which could mean the first half crown.

The Eagles meet Dumas here at 8 p.m. Friday. If they win, it would cinch a first half tie for the Eagles. If Dumas wins, it would cinch a first half tie for the Demons.

In Tuesday night action, the Eagles led from the start and even though they hit only 30 per cent from the floor it was still enough to beat Hereford.

Jerry Landrum led scoring with 20 points, followed by Bobby Martin with 14, Keith Keeling with 12 and Ron Hager with 10.

The Eagles now stand at 3-0 for district play and 15-7 for the season.

"It was probably our best effort of the season," Coach B. B. Kendrick said. "Hereford had a big team and a physical team. One thing, we outrebounded them and I thought rebounding was their strong suit."

Looking to the Dumas game, Kendrick said the Eagles beat Dumas once by 18 points and later in the season the Demons downed Canyon by four points.

"This will be the biggest game of the season," Kendrick said.

In junior varsity action, the Eagles beat Hereford 69-51 with Mike Podzemny hitting 33 for the winners.

Fourteen Teams Entered

JV Tourney On Tap

Canyon will sponsor a B-Team Tournament here today through Saturday with 14 teams--both boy and girl--from 11 schools competing for trophies.

Action begins at 2 p.m. today when Canyon's boys junior varsity goes against Friona in the high school gym. At the same time, the girls junior varsity from Canyon will meet Happy in the junior high gym.

Eight boys teams will participate in the tourney and six girls teams will vie for the title.

Games begin Friday at 2 p.m. and 3:45 p.m.

Saturday, games will begin at 9 a.m. and run through 7:45 p.m. Championship rounds will begin at 7:45 p.m. Saturday.

Girls finals will be at 6 p.m. Saturday.

Games set today begin at 2 p.m., 3:45 p.m., 5:30 p.m. and 7:45 p.m.

Boys teams invited to the tourney include Canyon's junior varsity and sophomores, Hereford's junior varsity and sophomores, Dumas, Tulia, Boys Ranch and Friona.

Girls teams invited include Canyon's junior varsity and sophomores, Happy, Dimmitt, Alamo Catholic and Friona.

Trophies will be given for first, second and third places.

Kerbel Is Optimistic About Conference Bid

West Texas State University Head Football Coach Joe Kerbel returned from NCAA meetings Monday and told newsmen the university will try to schedule an 11th football opponent for next season.

Kerbel said he will talk with various schools about becoming WTSU's 11th game, but will not necessarily try to add a Missouri Valley School for that game.

Missouri Valley schools already set on future Buff schedules are Tulsa, North Texas, Memphis State, and Wichita.

He said he will add the game for competition wherever the new team wants to play.

Kerbel expressed optimism that WTSU will gain entry into the Missouri Valley Conference. He said he feels there is no reason the question of WTSU's admission won't be considered by the conference this spring.

Four Area Scouters Win High Honors

Presentation of the Silver Beaver Awards was made Saturday evening to four area scouters at the Annual Appreciation Dinner of Llano Estacado Council of the Boy Scouts of America held in the East Dining Hall at West Texas State University.

Receiving the awards, presented by O. W. "Bud" Parker were, Leo J. Southern, Sr., Amarillo; Don Morgan, Adrian; Tom Badrow, Lake Tanglewood; and Jimmie Pigman, Dalhart.

Theme for the Saturday night event was "In Honor of Those Who Have Served" and guest speaker for the evening was Dr. Harry Vanderpool, pastor of the Polk Street Methodist Church. His speech, titled "Get Your Ducks in a Row," entailed light and humerous to the serious side of scouting and verbally tied all of these activities to the church and God. He spoke of each Boy Scout as a "Divine Piece of Clay" and challenged the scout leaders to the duty of their jobs.

Dr. James P. Cornette conducted the installation of the new council officers. They are L. Ray Vahue, re-elected president; Jack Muthersbough, re-elected commissioner; Paul Williamson, John Drummond, and Bill Quackenbush, vice presidents, all residents of Amarillo; and O. W. "Bud" Parker, council treasurer of Canyon.

O. W. "Bud" Parker is chairman of the Silver Beaver Selection Committee.

"Sing Out Amarillo," a group of patriotic youth vocalists, provided entertainment for the evening and special dinner music was provided by Scout Dick Abrahamson.

Acting as Master of Ceremonies and welcoming those present was council president, L. Ray Vahue. District introductions and awards were presented by Jimmie Pigman.

Recipients of the Silver Beaver Awards presented to outstanding Scouters at The Annual Appreciation Awards Dinner held Saturday evening at West Texas State University were from left to right, J. Leo Southern, Sr., Amarillo; Don Morgan, Adrian; Tom Badrow, Lake Tanglewood; and Jimmie Pigman, Dalhart.

Hereford Man Says Innocent

A Hereford man pleaded not guilty to a charge of possession of liquor and beer for the purpose of sale in a dry area Wednesday morning during arraignment proceedings in Randall County Court.

Alvin Hayes, represented by Hereford Attorney Andy Shubal, requested a jury trial. The case was set for the first Monday in March docket call.

Hayes was arrested Thursday night in the 5500 block of Amarillo Boulevard. At the time of his arrest he had in his possession 10 bottles of whiskey, three of Vodka, two of Gin, one bottle of Rum and six cases of beer.

Judge Carroll Brown set bond for the defendant at $500.

Girl Eagles Take Two Wins

The fighting girl Eagles of Canyon High tripped off to Slaton Tuesday night and won two basketball games by the aggregate total of two points.

The Canyon varsity slipped by the Slayton girls 50 to 49, while the junior varsity squeezed in a 38 to 37 victory.

The varsity girls overcame a four-point deficit with only five minutes remaining to pull the game out of the bucket. Jan Sternenberg exhibited steady nerves to hit two free throws on a one-and-one situation to put it out of reach.

Miss Sternenberg led the Canyon shooters with 20 points, followed by Linda Lehman with 17 and Cam Davis with a lucky-unlucky 13.

Coach Bob Schneider praised the rebounding efforts of Cheryl Davis, who went to the boards successfully 11 times during the game.

"Cindy Jones and Jenna Thompson had real good games," Schneider said. "But when Jenna fouled out Linda Dudenhoeffer came off the bench and did a real fine job."

The varsity girls overhauled for the better their season percentages, hitting 67 per cent from the free throw strip and 50 per cent from the field.

The Eagles are now 19 and 7 for the season, including three district games. Should they win their next three district games they will rebound into another district championship.

Coach Schneider also praised the work of the junior varsity girls who he said showed "a real good team effort.

Chris Tucker led the jv's with 14 points, with Joy Williams adding 9 and Marilyn Read 6. The coach said he was also pleased with the play of a pair of guards, Julie Coffman and Roxie Knox.

The girls were scheduled to travel to Wellington Friday night, but the Wellington team had to cancel. They will play the Turkey Varsity at 3:30 p.m. Friday in Canyon.

Bourn. . . .

(Continued from Page 1)

wheelchair is "quiet on the approach" and Bourn has also done other seasonal hunting. He shot a pheasant last year and went quail hunting, even though he didn't shoot one.

Bourn's deer were bagged on the J. O. Parker ranch, northeast of Wayside, and his pheasant this year came from the R. W. McNeill farm, also near Wayside.

Bourn, who was hurt eleven years ago in March, has walked only with assistance since that accident. He has spent numerous days, weeks and months in the hospital for a check-up.

In the crippling accident, Bourn received a pinched spinal cord while unloading a camp coach from the back of a pick-up. The camp coach fell on him causing the injury. He has been a wheelchair patient ever since.

For about 5 years now, Bourn has had an electric chair powered by 212 volt heavy duty batteries with control device on the wheelchair arm. The wheelchair will run about 10-12 miles before needing a battery recharge and maintains a speed from 7-8 miles per hour, according to Bourn.

The chair is equipped with heavy duty tires and the batteries must be replaced about once a year.

With his electric wheel chair, Bourn travels "all over town" and it is just like him having "his own car," according to his mother, Mrs. Ed Bourn. He makes his home with his parents in Canyon and his daughter, Terry Jo, 14, often visits with her father for week ends and holidays. She resides with her mother in Amarillo.

"When I can't get in the front door," said Bourn "I just use the backdoor."

He travels about the city on his job which is selling specialty advertising merchandise. He also attends church regularly at the Church of Christ where he uses the side door and then travels into the auditorium--missing all the stairs.

Bourn, who is a former state 4-H champion in rifle marksmanship, had won numerous medals in marksmanship while a Reserve Officers Training Corps student, before the accident.

He has about five guns in his collection and when hunting goes with his father, brother-in-law, and other friends as he needs some assistance in removing the chair from the automobile or pickup.

"They walk the stubble and flush them out," said Bourn, "and I sit at the end and block them off."

He related that he also went goose hunting but "when the hunting was getting real good it was too cold and he had to stay indoors."

Board. . . .

of communication between the teaching staff, the administrative staff and the board."

Jacobs said the committee would study any problem of a procedural or policy nature in general cases, but would not deal in specific incidents.

Jerry LaGrone, after commending the agreement, moved for approval and the motion passed.

Immediately after the motion passed, Jacobs told the two teachers that he already had a problem for the committee to work on.

The problem involves recent legislation establishing set guidelines for teacher absences. Jacobs said the school's policy guidelines must be made compatible with the guidelines.

More than two hours of the Tuesday night meeting were devoted to discussion by board members and representatives of two carpet manufacturers on the merits of sponge rubber backings and of high density foam backings.

A representative of Sequoyah Carpet Mills argued before the board the merits of high density foam backing and a representative from Commercial Carpet Corporation argued for sponge rubber backing.

School board members have for several weeks tried to decide on what kind and type of carpet to buy for the new Canyon Junior High School.

Commercial Carpet and Sequoyah have entered bids for the carpeting, but no board action has been taken. The board will travel to Anadarko, Okla., next week to see Sequoyah's plant.

Canyon school students on every level will have to pay 5 cents more for their lunch each day beginning Feb. 1, as a result of action taken by the board.

Currently, price for a lunch at the elementary schools is 35 cents.

Price for lunch at the junior high is 40 cents and at the high school is 45 cents.

Jacobs presented a cost analysis of the cafeteria situation to board members. The analysis shows that in the first four months of this school year the cafeterias have lost about $3,000. Jacobs said the school system is losing about 2 cents per meal served.

Rex Reeves Elementary School cafeteria is the only cafeteria in the district making money on lunches.

Canyon High School cafeteria is losing about 13 cents per meal served.

In other action the board:

*Authorized a study of the immediate and future needs of physical facilities at Canyon High School. The study will be a master plan for future construction.

*Officially ordered a school trustee election for April 4 to be held in the American Legion Hall and Gene Howe School. Terms of J. O. Parker and Harold Erwin will be open at the end of this year.

*Discussed a calendar for 1970-71 school year.

*Heard six parents complain of driving of a school bus driver. The driver has turned in resignation.

City Council To See Budget

Canyon City Commissioners will meet at 7 p.m. today in the City Hall Annex and will be given a brief and tentative outline of the 1970-71 proposed city budget.

The item to be given city commissioners is a "worksheet," according to Howard Northcutt, city manager, and is subject to numerous changes between now and formal presentation of the budget.

Included in the worksheet is proposed estimated revenue totaling $717,755, including $60,000 from the city sales tax.

Proposed estimated expenditures on the worksheet total $696,572, leaving the city with a $21,183 surplus.

Included in the budget will be salary increases for employes and the operation of the city dump grounds under a land-fill operation.

The detailed budget will be presented commissioners in March.

Rape Charges Dropped Against 3 Suspects

Charges of forcible rape against three young Amarillo men were dismissed Monday in 47th District Court after it was learned the complaining witness was in Michigan and would not return to testify.

Judge Gene Jordan dismissed the charges against Bobby Earl Nelson, 18, of 1628 N. Nelson and Joe Albert Layton, 17, and Steve Michael Martin, 17, both of 2701 Patterson.

The three were accused of picking up a 16-year-old girl about midnight February 21, 1969, after she finished work at a Dairy Queen and driving her to a spot 5.2 miles west of Coulter Road and 2 miles south of U. S. 66, where the assault allegedly occured.

"I felt we had an excellant rape case against the defendants," said George Dowlen, Randall County District Atty. Dowlen said that it often happens after a rape case that "a prosecutrix will change her mind about testifying because she is afraid of the noteriety she will receive and is ashamed to testify concerning all the circumstances surrounding the case."

The district attorney said that the case had repeatedly been postponed since the time of occurence in February because the witness was out of town and not available to testify.

"We thought up until a week and a half ago she was going to testify," he said. "But it doesn't matter how strong a case you have, even including a confession; if you don't have a complaining witness you can't go to trial."

Whoops!

In last Sunday's paper, the dates listed for the Kwahadi Indian Dances were printed wrong.

The actual dates are scheduled to take place January 22, 23, and 24th with performances starting at 8:15 p.m. with a special matinee showing at 2:30 p.m. for scouting groups.

The Kwahadi Dancers are a group of Boy Scouts that belong to Explorer Post 80 of the Llano Estacado Council. They are continually searching for authentic Tribal Dances and costumes to emphasize realistically the Indians that inhabited this area, their customs, and habits.

Voters Topic For Kiwanians

Audrey Bruse, tax collector and assessor for Randall County, will speak to Friday's noon luncheon meeting of the Canyon Kiwanis Club.

Mrs. Bruse is slated to speak on "voter registration," for which the deadline is January 31.

Next week, January 30, the club will have Ann Brown as guest speaker for their ladies day meeting. Mrs. Brown, counselor and columnist, will speak at the noon luncheon meeting.

The club meets weekly at the American Legion Hall for business and a program. Durward Brown is president of the men's civic club.

desires to perpetuate Randall County, Amarillo and Canyon as clean, God-fearing, law-abiding communities," Plank said. "The county was founded on the principles and I intend to do my best to perpetuate these principles."

Plank said that although he has been in the practice of law only a short time, "my experience and background on the political scene and my undergraduate training in government give me a foundation in administration of the law and enforcement of the law."

He said his political leanings are "conservative."

Plank said he does not "favor enforcing the law just for the law's sake," that he realizes "laws were written for a reason, that reason being the orderly functioning of society."

The attorney is a native of Pampa. He moved to Canyon in 1949 with his parents from Hereford. He graduated from Canyon High School in 1958 and from West Texas State University in 1956. He majored in government in college.

He is an August 1969 graduate of the University of Houston Bates College of Law.

Plank has practiced law since December 1968.

He is a member of the Canyon Rotary Club, the State Bar, American Bar and Texas Trial Lawyers Association. He is a member of the Canyon First Baptist Church.

Plank and his wife, Beverly, have two children, Desiree Denise, 7, and Noelle Angeli, 5.

and economics in 1952.

The same year he went into the U. S. Army.

He returned to Canyon in 1955 and in 1956 began working for a cement company in Amarillo. In 1957 he was reassigned to the company's branch in Canyon and opened his real estate and insurance business as a partnership in 1961.

Christopher said if re-elected he feels Canyon should maintain a progressive economic atmosphere, that Canyon should keep its present tax structure, which was lowered this year.

He said he would like to see construction of a city library and normal expansion of the city as the city can feasibly afford it.

Looking to accomplishments of the commission in the past two years, Christopher says he feels the basic accomplishment has been the passage of the city sales tax and the subsequent lowering of the ad valorem tax for residents. He also pointed to the completion of the city sewer plant, the upgrading of the police force, fire department and city streets.

Christopher is a member of the Canyon Volunteer Fire Department. He was fire chief in 1967 and is past secretary-treasurer.

He has been manager and assistant manager of the Canyon Little League several years and is a member of the WTSU Basketball Boosters Club. He is currently serving his second term on the board for the Canyon Chamber of Commerce. He has served three years on the city tax equalization board.

Current Randall County Judge Carroll Brown has announced that he will seek election as judge of the 181st District Court, leaving the Randall Court unmanned. No one else has filed for the county court bench.

Schley, a third generation Texas lawyer, was born in 1939 in Dallas.

He received his Bachelors Degree in 1961 from Southern Methodist University, where he was named to the Dean's list and was a student court justice.

He received his law degree from the SMU School of Law in 1963.

From Sept. 1963 to Feb. 1964, he was in private law practice in Dallas and from Feb. 1964 to Sept. 1968 he was in the U. S. Air Force.

"Thanks to the United States Air Force, I was privileged to see a considerable part of the English-speaking world," Schley said. "Beyond doubt, through, Randall County is without equal as to the friendliness and industry of its citizens and the prospects for the future growth of the county."

Schley is a member of St. Peter's Episcopal Church where he is Senior Warden of the Vestry and a Sunday school teacher.

He is secretary treasurer of the Amarillo Kiwanis Club, director of the American Red Cross, Greater Amarillo Chapter, a member of the Amarillo Masonic Lodge No. 731, the Scottish Rite Temple of El Paso and the Khiva Temple of Amarillo. He is director of the Hi-Plains Center for the Performing Arts.

Schley is a member of the Amarillo, Texas and American Bar Associations. He is a member of the Southwestern Legal Foundation.

In conjunction with the proposal, the president may be authorized to continue plans to develop a regionally-funded Meat Animal Foundation on campus.

The fourth major proposal will authorize Dr. Cornette to offer facilities needed for a diagnostic veterinarian clinic to Texas A&M, to pursue a possible cooperative agreement involving the erection of a permanent facility on the WTSU campus and to enter into negotiation of such agreement which would be subject to the boards of regents of both schools.

The establishment of such a clinic is still under study by the A&M board.

He also served on President Johnson's Advisory Commission on Intergovernmental Relations and the Board of Directors of the States' Urban Action Center, a nonpartisan group that assists the nation's Governors in meeting the growing problems of urban areas.

Among his international assignments in government, Barnes represented the U. S. Department of State last year at the Committee on Agriculture of the United Nations Economic Commission for Europe in Geneva, and the North Atlantic Treaty Organization (NATO) Civil Defense Committee Conference in Brussels. As a member of the Board of Dirctors of the Texas Partners of the Alliance with Peru, he headed a program development team of ten Texans visiting that country in 1966.

Barnes is the sixth Texan to serve as both Lieutenant Governor and as House Speaker. He is the fourth to be elected Lieutenant Governor directly from the Speaker's office.

A native of Comanche County, Barnes was born April 17, 1938. He attended Tarleton State College and Texas Christian University before entering The University of Texas, where he studied business and law. A successful businessman, his financial interests include farming and ranching, radio broadcasting, construction and motels.

Among many honors, Barnes was named one of Five Outstanding Young Texans by the Junior Chamber of Commerce in 1965. He holds honorary degrees of Doctor of Laws from McMurry College, Texas Technological College, and St. Edwards University.

"In my opinion, the Republican Party is now actively doing more than any other party to put into effect the philosophy and direction of government in which most of us believe. Therefore, I have decided to change my party affiliation."

Recently appointed Judge Don Dean has announced, too, that he will seek re-election to the 181st District Court.

"In announcing my candidacy for the Republican nomination for Judge of the 181st District Court, I pledge that I will, if elected, do everything possible to make certain that a fair and speedy trial is available to everyone in all civil and criminal matters," Brown said. "In civil matters, a delay should not be permitted, where to delay would defeat justice. In criminal matters, the defendant, when determined to be guilty, should, in fairness to the public, be given sufficient punishment, or rehabilitation, to prevent another offense."

Brown will continue his duties as Randall County Judge until his term expires in January.

"It has been an honor and a privilege to serve as Randall County Judge," he said. "The experience gained in judicial and public administration, together with over 20 years of business and legal practice, qualify me for the position which I now seek."

Brown is a 1951 graduate of the University of Texas School of Law and holds a Bachelors Degree in accounting from UT, which he obtained in 1939.

He served four years as an officer in the Air Force and prior to earning his law degree worked five years with IBM Corp.

He was first named Randall County Judge by Randall Commissioners to fill an unexpired term in February 1968. He was re-elected at the general election in November 1968, prior to which time he practiced law in Amarillo 11 years.

Brown is an elder in Westminster Presbyterian Church in Amarillo, a member of the Masonic Orders including the York Rite Commandery, 32 degree Scottish Rite, and Khiva Temple of the Shrine, and is a member and past chairman of the advisory board of the Amarillo Salvation Army.

He is past president of the Downtown Kiwanis Club in Amarillo, a past president of the Amarillo Girl Scout Council, president of the Girl Scout Foundation, past secretary of the YMCA, a member of the Potter-Randall Citizens Committee, ex-officio chairman of the Randall County Historical Survey Committee, Randall County School superintendent, a member of the board of directors of the Potter-Randall Community Action Corporation, a representative to the Panhandle Regional Planning Commission and a member of the American, Texas and Amarillo Bar Associations.

Mr. and Mrs. Sam White have returned home to Mescalero Park from a trip to Dallas where White was hospitalized at the Methodist Hospital six weeks for treatment of a heart condition.

Before making the trip to Dallas, White's sister, Mrs. Beulah Beegley was a visitor in their home from Huntington Park, California and she made the trip to Dallas with Mr. and Mrs. White.

Even though they were away from home on a not so pleasant journey, the Whites were not alone during the holiday season. Their son, Bob and his family spent the Thanksgiving holidays in Dallas with them and a sister of Mrs. White's, Mrs. A. D. Falls from Amarillo, was down to spend some time.

Plans have been put into action for preparations to hold a Council Wide Father-Daughter Valentine Banquet for members of the Campfire Girls and their dads.

The banquet is to take place at the Holiday Inn West in Amarillo February 12th at 7:00 p.m.

The girls are busy at work making table centerpieces and and accessories and decorating the supper boxes in Valentine motif.

This is to be the big night for the girls with a date with Dad.

* * *

Visitors here for the weekend in the home of Mr. and Mrs. Guy Bufkin were Bufkin's parents, Mr. and Mrs. Jim Bufkin from Kemp, Texas and his brother, Gene from Carrollton, Texas.

The family was here due to the illness of Guy who is now hospitalized at High Plains Baptist Hospital in Amarillo recuperating from a recent heart attack.

Palisades Home Demonstration Club has started a quilting project for the members of the club. The quilting is done in the home of Mrs. H. E. Edwards.

This is not a regular club meeting but a recreational get-together.

The group does not meet at a set time. Individual members drop in to the Edward's home and work as they have extra time to lend to the prject.

The quilting will continue until each member has a quilt.

Mrs. B. B. Caudle of Arden Road has house guests visiting with her for several days.

They are her sister and husband, Mr. and Mrs. Floyd Payne who are here from Bethany, Oklahoma.

* * *

New neighbors in the Gene Howe area are Mr. and Mrs. George McCurrie and daughters, Edythe Elaine, 12 and Regina Evelyn, 10, and son, George "Mac," 7.

The family moved into the area around the first part of December.

McCurrie is manager of Royal Auto Glass in Amarillo.

Family hobbies include hunting, archery, and fishing. All three of the children are quite active in the bowling leagues. Edythe and "Mac" serve as captains of their bowling teams at the Palo Duro Bowl in Amarillo. All of the children are also active members of Kids Incorporated sports when they are in season.

The family are members of the Hamlet Baptist Church.

Girl Scout Leaders of the Gene Howe neighborhood met for an all-day planning session and workshop in the home of chairman, Mrs. Charles Fowlkes.

Business discussions were directed around the Father-Daughter Valentine Banquet scheduled for February 14th at the Gene Howe Elementary School at 7:00 p.m.

Also on the agenda was a brief analysis of the remainder of the year's calendar and tentative plans have been set up to fulfill the year's goal.

The affair was a covered-dish luncheon attended by most present for the business meeting.

Those attending were Mrs. Randal Owen, Mrs. David Camfield, Mrs. L. R. Pete Baker, Mrs. J. H. Cannon, and Mrs. Fowlkes.

All But One Suspect In Custody

All but one of the 15 suspects indicted by a secret grand jury shortly before the massive drug raid Friday night in Amarillo have been arrested or have surrendered to authorities.

Gary Hester, 19, and Donald Earl Armstrong, 19, were booked into Randall County Jail Monday. Hester is charged with two counts of sale of a narcotic drug and Armstrong with one count.

The only person indicted who has not been apprehended is Vicki Dolmer, charged with one count of possession of marijuana.

Mike Hinton, assistant dist. atty., said Monday Miss Dolmer has been in contact with his office through her father and her attorney and is expected to surrender within the next few days.

One of the suspects in the drug investigation was arrested in California Friday and one is in the Psychiatric Pavilion in Amarillo. Three, Carl Schomburg, Jackie Ray Williams and William Albert Brown were released after posting bond.

Trial date for one of the charges facing Richard Dean Bridges, 23, alleged to have been the ringleader in the Amarillo drug traffic, was set for April 6 by District Judge Gene Jordan Monday.

Dist. Atty. George Dowlen said the other cases would be set for trial at a later date.

Planners Take Close Look At Area Health Planning

Members of the Panhandle Regional Planning Commission were given an in-depth look at comprehensive health planning during the regular meeting Wednesday in Amarillo.

Bill Henderson, executive director of the Potter-Randall Citizens Committee, used a slide presentation to emphasize the tremandous amount of study already given to health planning in the area.

Henderson said the health planning advisory council has submitted to Washington for an organizational grant.

"Following completion of the organizational period, a five-year planning grant is possible," he said. "That grant is renewable for an additional five years."

Henderson said about 20 million had been spent for facilities at Amarillo Medical Center, and projected spending for the next 10 years would reach $88 million.

"Nearly a million people in a four-state area are dependent on the Panhandle for medical facilities, Henderson said. "About 95 per cent of all people living within 50 miles come to Amarillo."

"Within 100 miles it varies between 15 and 35 per cent and 7 1/2 per cent outside of Texas but within 150 miles look to Amarillo."

The executive director said a 1966 survey, the last year figures were available, showed that 700 persons from Oklahoma and 600 from New Mexico were bed patients in Amarillo hospitals.

Health planning in the future would combine personal and environmental health care, Henderson said.

"The two are interrelated and can't be separated," he said. "They must be taken together."

Leland Dodson of the PRPC said the grant should be approved about March 1.

In other business, the PRPC airport committee approved a request by the city of Amarillo to apply to the Federal Aviation Agency for matching funds to construct an addition to the parking apron at Amarillo Air Terminal. The project would involve an area of 175 x 500 feet and cost about $176,000 with $88,000 to be in form of a matching grant from FAA.

The regional planners approved two items submitted by the police committee. Funds will be requested on the Texas Criminal Justice Council for establishment of a community relations program and a narcotics education program for the city of Amarillo.

The relations program involves the placement of two officers, one in the part of Amarillo which is predominantly Negro and the part of town predominantly Latin-American.

Man Agrees To Polygraph

An 18-year-old California man arrested Monday while hitchhiking on the Canyon Expressway has agreed to take a polygraph examination concerning a large number of rings he had in his possession.

Roger Crook, who told officers he was from Sacramento, Calif., pleaded guilty to a charge of carrying a prohibited weapon. The weapon was a replica of an ancient ball-and-chain which he had stuffed in his belt.

Dist. Atty. George Dowlen told County Judge Carroll Brown during arraignment proceedings in court Tuesday that Crook had refused to take the "lie detector" test Monday concerning the approximate 100 rings.

The defendant told Judge Brown he would take the test if it would help establish that he was telling the truth, and that his earlier refusal to submit to the test was a "misunderstanding."

Sheriff's Dep. Merle Strickland, who administers the test in Randall County, said it would be "early next week" before the test could be given. Randall authorities have requested from New Mexico State Police additional information on the subject.

'We Can Win,' Top Republicans Say

The Randall County Republican delegation turned out in force Saturday morning to attend the 18th Congressional Executive Committee meeting in Amarillo.

Jim Campbell, Republican state committeeman from Pampa, told delegates "there is no reason we can't run a strong candidate in any race and win."

"It's a different ballgame than it was four years ago," he said.

State Reps. Tom Christian and Malouf Abraham, Randall County Judge Carroll Brown, County Clerk LeRoy Hutton and County Tax Assessor-Collector Mrs. Audrey Bruse were among the elected officials attending the meeting.

"We were told in the last legislature that an appropriation's bill has never been overturned," Christian said. "But we got within 8 votes of it. This is where it is all leading to; our power to challenge the way it has always been."

Christian told delegates that where "a political party can handle strong bills in the legislature without debate I don't think you are strengthening the democratic process."

Abraham, who will campaign this year for the State Senate, told delegates "we are about to reach the end of the road down there on places to get money."

"State spending has increased from $3.8 billion to $6.2 billion in the last four years," he said. "I hear that next session we are going to have to raise between $270 and $400 millions in new revenues. We can only hold our breath about the state income tax."

Mrs. Dorothy Langford of Wichita Falls, deputy state vice chairman of the Texas Republican Party, told delegates they were highly regarded throughout the state.

"State headquarters thinks your district is about the best in Texas," she said. "They are very proud of you."

Also representing Randall County at the meeting were Dick Brooks, Rhett Plank, Fletcher Sims, Buddy Schley, Mrs. Dick Brooks and Mrs. Roland Chadwell.

Probation For Pampa Man

A 20-year-old Pampa man was given a two-year probated sentence Monday in 47th District Court after pleading guilty to a charge of theft over the amount of $50.

Michael Leon Eddins, a former jailer for the Amarillo Police Department, told Judge Gene Jordan he was guilty of taking two tires and wheels from a parked car October 5, in Amarillo.
